ENERGY EMPLOYEES

The Energy Employees Occupational Illness Compensation Program Act: New legislation to compensate affected employees. Silver, K. 53(6), 267-277.

ENVIRONMENTAL HEALTH

Environmental health: An opportunity for health promotion and disease prevention. Chalupka, S. 53(1), 13-28.

Environmental health and nursing: Piloting a technology-enhanced distance learning module. Olson, D., Stedman-Smith, M., & Fredrickson, A. 53(8), 353-359.

Guest Editorial: Environmental health—Advancing occupational health nursing education and practice. Randolph, S.A. 53(1), 12.

Incorporating environmental health into practice: The expanded role of the occupational health nurse. McPhaul, K.M., & Lipscomb, J.A. 53(1), 31-36.

I PREPARE: Development and clinical utility of an environmental exposure history mnemonic. Paranzino, G.K., Butterfield, P., Nastoff, T., & Ranger, C. 53(1), 37-42.

It's just "balloon-acy"!: The hidden dangers of latex allergy. Barker, P., & Montagna, D. 53(6), 241-243.

Media Review: Pediatric environmental health (2nd ed.). Paranzino, G.K. 53(1), 11.

Occupational and environmental health in the 21st century: The new frontier in genetics and disease prevention. Rischitelli, D.G., Berman, F., & McCauley, L.A. 53(12), 522-528.

Policy perspectives in environmental health: Nursing's evolving role. Sattler, B. 53(1), 43-51.

ENVIRONMENTAL JUSTICE

Environmental health: An opportunity for health promotion and disease prevention. Chalupka, S. 53(1), 13-28.

Environmental health and nursing: Piloting a technology-enhanced distance learning module. Olson, D., Stedman-Smith, M., & Fredrickson, A. 53(8), 353-359.

EPILEPSY

Clinical Rounds: NP Link: Seizures in the workplace. Powell, K.W. 53(12), 511-513.

ERGONOMICS

Ergonomic evaluation: Part of a treatment protocol for musculoskeletal injuries. Grayson, D., Dale, A.M., Bohr, P., Wolf, L., & Evanoff, B. 53(10), 450-457.

Proper positioning of clients: A risk for caregivers. Fragala, G., Fragala, M., & Pontani-Bailey, L. 53(10), 438-442.

The dynamics of pushing and pulling in the workplace: Assessing and treating the problem. Brace, T. 53(5), 224-229.

ETHICS

Health and employment practices: Ethical, legal, and social implications of advances in toxicogenomics. Weinstein, M., Widenor, M., & Hecker, S. 53(12), 529-533.

Research & Ethics Corner: Research with protected populations—Vulnerable participants. Rogers, B. 53(4), 156-157.

EVALUATION PROGRAM

Ergonomic evaluation: Part of a treatment protocol for musculoskeletal injuries. Grayson, D., Dale, A.M., Bohr, P., Wolf, L., & Evanoff, B. 53(10), 450-457.

EXPOSURE HISTORY

Environmental health and nursing: Piloting a technology-enhanced distance learning module. Olson, D., Stedman-Smith, M., & Fredrickson, A. 53(8), 353-359.

FAMILY AND MEDICAL LEAVE ACT

Clinical Rounds: Case Management Update: What are some challenges related to return to work policies, procedures, and processes? Kalina, C.M., & Haag, A.B. 53(10), 429-431.

FIBER INTAKE

Express Speak: Daily fiber intake—How much is enough? Sitzman, K. 53(3), 144.

FOCUS GROUPS

Employee perceptions of diabetes education needs: A focus group study. Wood, F., & Jacobson, S. 53(10), 443-449.

Occupational health and infection control practices related to Severe Acute Respiratory Syndrome: Health care worker perceptions. Moore, D.M., Gilbert, M., Saunders, S., Bryce, E., & Yassi, A. 53(6), 257-266.

FULLERENES

Nanotechnology: Are occupational health nurses ready? McCauley, L.A., & McCauley, R.D. 53(12), 517-521.

GENERATION GAP

Management File: Generations at work. Calhoun, S.K. 53(11), 469-471.

GENERATION X

Management File: Generations at work. Calhoun, S.K. 53(11), 469-471.

GENETICS

Guest Editorial: Advances in genetics and technology: Implications for occupational health. McCauley, L.A. 53(12), 514.

Health and employment practices: Ethical, legal, and social implications of advances in toxicogenomics. Weinstein, M., Widenor, M., & Hecker, S. 53(12), 529-533.

Occupational and environmental health in the 21st century: The new frontier in genetics and disease prevention. Rischitelli, D.G., Berman, F., & McCauley, L.A. 53(12), 522-528.

Resources: Resources for developing educational programs on gene–environment interactions. McCauley, L.A. 53(12), 515-516.

Understanding genetics: A primer for occupational health practice. Wright, L. 53(12), 534-542.

HEALTH CARE ECONOMICS

Clinical Rounds: NP Link: Smoking cessation—Part I. Corbridge, S.J., & Wilken, L. 53(2), 63-64.

HEALTH CARE PROVIDERS

Clinical Rounds: Hospital Link: Health effects of shiftwork—A focus on health care providers. Andersen, E. 53(6), 239-240.

Conversion to low-protein, powder-free surgical gloves: Is it worth the cost? Korniewicz, D.M., Chookaew, N., El-Masri, M., Mudd, K., & Bollinger, M.E. 53(9), 388-393.

Needlestick injuries in the United States: Epidemiologic, economic, and quality of life issues. Lee, J.M.,

Botteman, M., Xanthakos, N., & Nicklasson, L. 53(3), 117-133.

HEALTH POLICY

Clinical Rounds: Case Management Update: How can healthy lifestyle strategies be used proactively in case management? Haag, A.B., Kalina, C.M., & Tourigian, R. 53(1), 8-10.

Environmental health: An opportunity for health promotion and disease prevention. Chalupka, S. 53(1), 13-28.

Work-related violence policy: A process evaluation. Findorff, M.J., McGovern, P.M., & Sinclair, S. 53(8), 360-369.

HEALTH PROMOTION

Clinical Rounds: Case Management Update: How can healthy lifestyle strategies be used proactively in case management? Haag, A.B., Kalina, C.M., & Tourigian, R. 53(1), 8-10.

Clinical Rounds: NP Link: Smoking cessation—Part II: Counseling in the workplace. Berry, J.K., & Corbridge, S.J. 53(5), 194-197.

Employee wellness program in a small rural industry: Employee evaluation. Carter, M., Gaskins, S., & Shaw, L. 53(6), 244-248.

Linking Practice & Research: The organization of work—Effect on worker well-being. McKenzie, G. 53(9), 381-384.

Smoking-related health behaviors of employees and readiness to quit: Basis for health promotion interventions. Ott, C.H., Plach, S.K., Hewitt, J.B., Cashin, S.E., Kelber, S., Cisler, R.A., & Weis, J.M. 53(6), 249-256.

HEART DISEASE

Express Speak: C-reactive protein—Should it be used to assess cardiac risk? Sitzman, K. 53(4), 188.

Express Speak: Is gum disease related to cardiovascular disease? Sitzman, K. 53(11), 508.

Express Speak: Understanding cholesterol. Sitzman, K. 53(10), 460.

HISTORY TAKING

I PREPARE: Development and clinical utility of an environmental exposure history mnemonic. Parazino, G.K., Butterfield, P., Nastoff, T., & Ranger, C. 53(1), 37-42.

HOSPITAL EMPLOYEE HEALTH

Creation of a safety culture: Reducing workplace injuries in a rural hospital setting. Hooper, J., & Charney, W. 53(9), 394-398.

Ergonomic evaluation: Part of a treatment protocol for musculoskeletal injuries. Grayson, D., Dale, A.M., Bohr, P., Wolf, L., & Evanoff, B. 53(10), 450-457.

Impact of converting to powder-free gloves: Decreasing the symptoms of latex exposure in operating room personnel. Korniewicz, D.M., Chookaew, N., Brown, J., Bookhamer, N., Mudd, K., & Bollinger, M.E. 53(3), 111-116.

It's just "balloon-acy"!: The hidden dangers of latex allergy. Barker, P., & Montagna, D. 53(6), 241-243.

Nurses' inclination to report work-related injuries: Organizational, work-group, and individual factors associated with reporting. Geiger Brown, J., Trinkoff, A., Rempher, K., McPhaul, K., Brady, B., Lipscomb, J., & Muntaner, C. 53(5), 213-217.

Proper positioning of clients: A risk for caregivers. Fragala, G., Fragala, M., & Pontani-Bailey, L. 53(10), 438-442.

HUMAN GENOME PROJECT

Understanding genetics: A primer for occupational health practice. Wright, L. 53(12), 534-542.

HYPERLIPIDEMIA

Understanding genetics: A primer for occupational health practice. Wright, L. 53(12), 534-542.

HYPERTENSION

Express Speak: Blood pressure—Is 120/80 problematic? Sitzman, K. 53(9), 416.

IMMIGRANT WORKERS

Guest Editorial: Vulnerable worker populations—Special issue. Nester, R.M. 53(7), 295-296.

Immigrant workers in the United States: Recent trends, vulnerable populations, and challenges for occupational health. McCauley, L.A. 53(7), 313-319.

Pulmonary tuberculosis in two employees at a skilled nursing facility: Screening and treatment protocols. Dillon, K., Herip, D., & Petersen, E. 53(11), 484-488.

IMMUNIZATIONS

Worksite influenza immunization programs: Insight into the implementation and cost–benefit. Olsen, G.W., Steinberg, M.E., & Ley, C.A. 53(3), 105-110.

INFECTION CONTROL

Clinical Rounds: Hospital Link: B virus—The risks in monkey business. Andersen, E. 53(9), 385-387.

Occupational health and infection control practices related to Severe Acute Respiratory Syndrome: Health care worker perceptions. Moore, D.M., Gilbert, M., Saunders, S., Bryce, E., & Yassi, A. 53(6), 257-266.

INFECTIOUS DISEASE

Clinical Rounds: Hospital Link: B virus—The risks in monkey business. Andersen, E. 53(9), 385-387.

Express Speak: Managing the common cold. Sitzman, K. 53(2), 96.

INFLUENZA

Influenza vaccination: Incidence of symptoms and resulting absenteeism in hospital employees. Speroni, K.G., Dawson, E., Atherton, M., & Corriher, J. 53(11), 477-483.

Innovative workplace influenza program: Boosting employee immunization rates. Strunk, C. 53(10), 432-437.

Worksite influenza immunization programs: Insight into the implementation and cost–benefit. Olsen, G.W., Steinberg, M.E., & Ley, C.A. 53(3), 105-110.

INJURIES

Creation of a safety culture: Reducing workplace injuries in a rural hospital setting. Hooper, J., & Charney, W. 53(9), 394-398.

Injuries and assaults in a long-term psychiatric care facility: An epidemiologic study. Myers, D., Kriebel, D., Karasek, R., Punnett, L., & Wegman, D. 53(11), 489-498.

Nurses' inclination to report work-related injuries: Organizational,

work-group, and individual factors associated with reporting. Geiger Brown, J., Trinkoff, A., Rempher, K., McPhaul, K., Brady, B., Lipscomb, J., & Muntaner, C. 53(5), 213-217.

The dynamics of pushing and pulling in the workplace: Assessing and treating the problem. Brace, T. 53(5), 224-229.

INTERDISCIPLINARY PRACTICE

Interdisciplinary practice, education, and research: The expanding role of the occupational health nurse. Garrett, L.H. 53(4), 159-165.

Shaping effective communication skills and therapeutic relationships at work: The foundation of collaboration. Grover, S.M. 53(4), 177-182.

INTERNATIONAL OCCUPATIONAL HEALTH NURSING

An inaugural conference on occupational health in The Gambia: Exploring the world through international occupational health programs. Culp, K., Marquez, S.P., Bobb, M., & Jagne, D.M.B. 53(2), 65-71.

Frequent flyer business travelers: The role of the occupational health nurse. Tompkins, O.S., Randolph, S.A., & Ostendorf, J.S. 53(3), 134-141.

Occupational health nursing in Brazil: Exploring the world through international occupational health programs. Marziale, M.H., & Hong, O. 53(8), 345-352.

Occupational health nursing in the United Kingdom: Exploring the world through international occupational health programs. Harrison, C., Harriss, A., & Maw, J. 53(5), 202-208.

JOB HAZARDS

The youth work force: Unique occupational health considerations and challenges. West, C., de Castro, A.B., & Fitzgerald, S.T. 53(7), 297-305.

JOB INTERVIEWS

Management File: Improving applicant interviewing—Using a behavioral-based questioning approach. Strasser, P.B. 53(4), 149-151.

LATEX SENSITIVITY

Conversion to low-protein, powder-free surgical gloves: Is it worth the cost? Korniewicz, D.M., Chookaew, N., El-Masri, M., Mudd, K., & Bollinger, M.E. 53(9), 388-393.

Impact of converting to powder-free gloves: Decreasing the symptoms of latex exposure in operating room personnel. Korniewicz, D.M., Chookaew, N., Brown, J., Bookhamer, N., Mudd, K., & Bollinger, M.E. 53(3), 111-116.

It's just "balloon-acy"!: The hidden dangers of latex allergy. Barker, P., & Montagna, D. 53(6), 241-243.

LEADERSHIP

Building the occupational health team: Keys to successful interdisciplinary collaboration. Wachs, J.E. 53(4), 166-171.

Emotional intelligence: Recognizing and regulating emotions. Reeves, A. 53(4), 172-176.

LONG-TERM CARE

Injuries and assaults in a long-term psychiatric care facility: An epidemiologic study. Myers, D., Kriebel, D., Karasek, R., Punnett, L., & Wegman, D. 53(11), 489-498.

Pulmonary tuberculosis in two employees at a skilled nursing facility: Screening and treatment protocols. Dillon, K., Herip, D., & Petersen, E. 53(11), 484-488.

MANAGEMENT

Emotional intelligence: Recognizing and regulating emotions. Reeves, A. 53(4), 172-176.

MERCURY EXPOSURE

Express Speak: Dietary mercury exposure—Is it safe to eat fish? Sitzman, K. 53(5), 232.

MILLENNIALS

Management File: Generations at work. Calhoun, S.K. 53(11), 469-471.

MUSCULOSKELETAL INJURIES

Ergonomic evaluation: Part of a treatment protocol for musculoskeletal injuries. Grayson, D., Dale, A.M., Bohr, P., Wolf, L., & Evanoff, B. 53(10), 450-457.

NANOTECHNOLOGY

Guest Editorial: Advances in genetics and technology: Implications for occupational health. McCauley, L.A. 53(12), 514.

Nanotechnology: Are occupational health nurses ready? McCauley, L.A., & McCauley, R.D. 53(12), 517-521.

NEEDLESTICK INJURIES

Needlestick injuries in the United States: Epidemiologic, economic, and quality of life issues. Lee, J.M., Botteman, M., Xanthakos, N., & Nicklasson, L. 53(3), 117-133.

NICOTINE REPLACEMENT

Clinical Rounds: NP Link: Smoking cessation—Part III: Pharmacotherapy of smoking cessation. Wilken, L., & Corbridge, S.J. 53(8), 340-344.

NURSES

Injuries and assaults in a long-term psychiatric care facility: An epidemiologic study. Myers, D., Kriebel, D., Karasek, R., Punnett, L., & Wegman, D. 53(11), 489-498.

Smoke-free nurses: Leading by example. Halcomb, K.A. 53(5), 209-212.

NURSING ASSESSMENT

I PREPARE: Development and clinical utility of an environmental exposure history mnemonic. Paranzino, G.K., Butterfield, P., Nastoff, T., & Ranger, C. 53(1), 37-42.

NURSING EDUCATION

Occupational health nursing in Brazil: Exploring the world through international occupational health programs. Marziale, M.H., & Hong, O. 53(8), 345-352.

NURSING RESEARCH

Employee wellness program in a small rural industry: Employee evaluation. Carter, M., Gaskins, S., & Shaw, L. 53(6), 244-248.

Linking Practice & Research: Adverse effects of exposure to phthalates—Communicating risks to workers. Robbins, W.A. 53(2), 59-62.

Linking Practice & Research: The organization of work—Effect on worker well-being. McKenzie, G. 53(9), 381-384.

Nurses' inclination to report work-related injuries: Organizational, work-group, and individual factors

associated with reporting. Geiger Brown, J., Trinkoff, A., Rempher, K., McPhaul, K., Brady, B., Lipscomb, J., & Muntaner, C. 53(5), 213-217.

Occupational health and infection control practices related to Severe Acute Respiratory Syndrome: Health care worker perceptions. Moore, D.M., Gilbert, M., Saunders, S., Bryce, E., & Yassi, A. 53(6), 257-266.

Occupational health nursing in Brazil: Exploring the world through international occupational health programs. Marziale, M.H., & Hong, O. 53(8), 345-352.

Occupational health nursing in the United Kingdom: Exploring the world through international occupational health programs. Harrison, C., Harriss, A., & Maw, J. 53(5), 202-208.

Research & Ethics Corner: Research with protected populations—Vulnerable participants. Rogers, B. 53(4), 156-157.

Smoking-related health behaviors of employees and readiness to quit: Basis for health promotion interventions. Ott, C.H., Plach, S.K., Hewitt, J.B., Cashin, S.E., Kelber, S., Cisler, R.A., & Weis, J.M. 53(6), 249-256.

NUTRITION

Express Speak: Daily fiber intake—How much is enough? Sitzman, K. 53(3), 144.

Express Speak: Vitamin D—An essential nutrient. Sitzman, K. 53(6), 280.

OCCUPATIONAL HAZARDS

Frequent flyer business travelers: Major exposure hazards. Tompkins, O.S., Randolph, S.A., Ostendorf, J.S. 53(2), 72-83.

Incorporating environmental health into practice: The expanded role of the occupational health nurse. McPhaul, K.M., & Lipscomb, J.A. 53(1), 31-36.

Nanotechnology: Are occupational health nurses ready? McCauley, L.A., & McCauley, R.D. 53(12), 517-521.

OCCUPATIONAL HEALTH COMPENSATION PROGRAM ACT

The Energy Employees Occupational Illness Compensation Program Act: New legislation to compensate affected employees. Silver, K. 53(6), 267-277.

OCCUPATIONAL HEALTH NURSING PRACTICE

Editorial: Collaboration—Special issue. Wachs, J.E. 53(4), 158.

Environmental health: An opportunity for health promotion and disease prevention. Chalupka, S. 53(1), 13-28.
